# MAYOR'S ADDRESS

---

Members of the Council, Citizens and Friends:

In my brief remarks tonight, I shall endeavor to bring to you a brief review of the activities of the administrative office of our city for the year just closed and present to you recommendations for your consideration for 1944.

The year 1943 has been one of activity and history making regardless of the fact that everyone has been struggling in an all out effort to win the war. The year 1943 was the fiftieth birthday of the City of Laconia and the occasion was appropriately celebrated on the 12th day of October 1943. The day's program started with a parade of floats depicting the progress of our city over ten-year periods from 1893 to 1943. The birthday party for the wearers of buttons "We Were Here in 1893" which numbered more than one thousand received nation--wide publicity.

During the year our factories have been running at top speed. Our largest—Scott & Williams, Inc.—was awarded the Army and Navy "E" which stands for exceptional performance on the production front.

The Third and Fourth War Loan Bond Drives under the able leadership of Chester L. Smart went over the top with a rush. The Fourth War Loan Drive was climaxed by a dinner given to each and every citizen buying a \$1000 bond. Our schools and local organizations, churches, etc. all participated. More than 300 buyers of a \$1000 bond sat down at the banquet as guests of Scott & Williams, Inc. Again the City of Laconia received nation-wide recognition for its alertness and progressiveness and tonight on behalf of the City of Laconia I have received and accepted a certificate of recognition signed by Secretary of the Treasury Morgenthau.

## New Industries

Through the cooperative effort of several of our citizens, the Laconia Chamber of Commerce and the Laconia Industries Inc., the Gilbert Clock Company of Conn., has located part of its business here in Laconia. The Merimack Farmers' Exchange Inc. has purchased a building on Water Street owned by the city to install a freezer locker food bank. As recently as last Friday, March 24, four gentlemen representing an in-

dustry of high standing were here as guests of the City of Laconia, looking over locations and conditions in general with the idea of locating here.

Laconia at the present time is not hunting for new industries, but industries are hunting Laconia. A very healthy condition!

### **City Planning**

Early last year your Mayor was in conference with the agent of the Lakewood Development Company with the result that the New Hampshire Development and Planning Commission at Concord was asked by the City of Laconia to survey and layout and make plans for the development in a way that it can best serve its owners as well as the City of Laconia. The work was carried on during the year in collaboration with our city engineer with the result that the streets and sewers when built and installed will meet the future requirements of our city and will fit in with any long term program of planning that the city might wish to adopt. You have seen these plans here tonight.

Early last fall the Chamber of Commerce suggested that your Mayor and Council arrange for a city survey to aid us in postwar planning. Acting upon the suggestion, the Council voted to procure the services of the State Planning and Development Commission to make the survey and I am pleased to report that the work is now in progress. This survey will be made with no expense to the City of Laconia.

### **Military Service**

During the first months of 1943 a service flag was presented to the city by the Abraham Lincoln Junior Girls Club of Lakeport. This flag was received with proper ceremony and for a long time hung over our library lawn, and later floating across our Main Street. The number on this flag representing the men and women of Laconia in the service of their country has grown too fast, and from now on many of our young business men will be called into the service. Many, however, will be deferred—some for physical disability, some because they are considered essential in the work they are now engaged in.

We, the citizens of Laconia, must be careful and considerate in our criticisms expressed toward those who have been de-

ferred from active duty in our military service. Let us not forget that every man between the ages of 18 and 65 is registered in the draft. Our Selective Service board and the War Manpower Commission will decide impartially who shall have the privilege of actively serving in our armed forces and who shall stay at home producing on the home front.

Our war casualty list has soared to 9. The first gold star was for Commander James Stuart Smith who died at his post as navigator on the world's fastest cruiser, the Atlanta; then word was received that Pvt. Eugene Delisle, formerly of Laconia, was killed in a plane crash. The third casualty was Seaman Ralph Morrisette who was reported killed at Cape Bon January 29, 1943. Another star was added for Lt. Oscar L. Gordon, son of Mr. and Mrs. Cecil Gordon of this city who lost his life in the Sicilian Theater July 11, 1943. The fifth star was for Corp. Adolph Papienuk—the first casualty in the Philippines—who prior to being reported a casualty was a prisoner of war in a Japanese concentration camp. The sixth star was for Lt. Carl L. Simpson who after completing several missions over enemy territory was killed in an airplane crash on an Allied field in the North African war area. Sgt. Kenneth B. Carter of Lakeport was killed in a wreck of two streamliners at Lumberton, N. C., December 16, 1943. Delphis DesRosier also of Lakeport was killed in a plane crash on an airfield near Merced, California, January 31, 1944. Our last casualty was S/Sgt. J. Royden Smith of the Weirs who was killed in action over Germany January 11, 1944.

This list of casualties will grow altogether too fast in the months to come. We must prepare ourselves for the bad news and when it comes we must comfort as best we can the relatives and friends at home.

### **City Employees**

During the year a number of our citizens who have at one time or another served this city in an official capacity have answered their last call. It is fitting and proper that we should refer to them briefly at this time.

MARK M. ROBINSON was born in Meredith, N. H., August 22, 1853 and passed away March 27, 1943. Mr. Robinson was appointed County Treasurer in 1903 and served 8 years and he also served his city as councilman in the years 1909-10-11. Mark M. Robinson lived to see Laconia grow from a small town into a thriving city.

EUGENE S. SMITH was born in Littleton, N. H. on November 6, 1867 and passed away January 30, 1944. Mr. Smith lived in this community for about 25 years during which time he was a member of the council during the years 1925 and 1926. He served as moderator in Ward Five for several years.

WALTER SANBORN was born on December 5, 1880 and passed away March 12, 1944. Mr. Sanborn served with the Laconia Fire Department as a driver for 17 years.

PETER DAGENAIS was born April 12, 1887 and passed away July 6, 1943. Mr. Dagenais for 22 years was driver at the Lakeport Fire station.

JOSEPH H. ROUCHER was born on December 26, 1874 and passed away April 17, 1943. Mr. Roucher joined the Hook and Ladder Company of the Laconia Fire Department in 1912 and served as a member of the Board of Engineers for 20 years.

ARTHUR C. S. RANDLETT our late Overseer of the Poor, was born in Belmont January 6, 1870 and passed away December 20, 1943. For many years Mr. Randlett was a retail grocer in our city and retired to devote all of his time to growing apples which were prize winners at many New England shows.

In the passing of Arthur C. S. Randlett, the City of Laconia and the County of Belknap have lost a citizen who devoted the greater part of his life in the interest of public welfare. Probably no man knew the New Hampshire settlement laws better than Mr. Randlett. In the administration of his office the evidence in each and every case was carefully considered and his decisions were made with fairness to all parties concerned. No needy person ever went without, if the case was worthy, and the city's interest was always protected. Arthur Randlett served his city as Overseer of the Poor for twenty years; he was one of our assessors for seven years and county commissioner for 18 years. Few men have served their city and county longer or better. Arthur Randlett will be missed.

Let us rise and pay tribute to these men who have passed to the great beyond.

In my inaugural address a year ago, I stated that I found it very difficult to interest myself in any new projects that would involve the expenditure of large sums of money. We find conditions no different today. Yet, on the other hand, we

must not allow ourselves to stop planning for the future. This war will be over sometime and when peace comes and our boys are returning home we must have our house in order. Part of our job is to fix things so that home will always be home to him, to his mother, his sister, and to you, come what may. A lot of this fixing can be done by careful planning for the future. Such plans will no doubt call for the expenditure of large sums of money for works projects programs.

Only worthwhile projects should be considered and preferably those of a permanent nature.

In reviewing past recommendations, I find that four years ago I called your attention to the need of a new city hall. I can only repeat that the need of better housing facilities for our several departments, including our fire department, jail, police department, etc., as well as a city auditorium becomes more serious each year, and some day in the not too distant future the question of a new city hall will necessarily be given serious consideration.

Some weeks ago our Chamber of Commerce discussed the question of the erection of a temporary memorial in memory of our boys and girls in the service. Recently your mayor has been approached by several citizens, many of whom are veterans of former wars, and all have suggested that the erection of a new city hall dedicated to the veterans of all wars would be a fitting and lasting tribute to our men and women from Laconia who have fought for the freedom of democracy.

#### **Sewers and Sewerage Disposal**

Three years ago I recommended that the Committee on Sewers give careful consideration to a system whereby the cost of building and maintaining our sewerage system would be self liquidating. This can and should be done. With this thought in mind, your mayor in cooperation with the mayors of the Cities of Concord and Portsmouth sponsored an enabling act allowing the above named cities to put into operation a sewer rental system. The City of Concord has adopted such a system.

It is obvious that the first proposal—the building of a new city hall must await further developments. The second proposal; that is, the adoption of a sewer rental system can and

should be put into operation at once and recommend that our city solicitor be directed to draw up an ordinance providing for same at once.

### **Victory Gardens**

Last year I stated that there never was a time when a greater need for a city to sponsor a project for growing food for its citizens was more evident than at that time. I believe that all of us then felt that by 1944 conditions would be greatly improved. The fact remains that there is a greater food shortage today than ever before in the history of our country. Therefore, I urge and recommend that our victory gardens project be sponsored and planned by the city as was done in 1943.

### **City Departments**

I shall not take time here to review the work of our several city departments. All have lent their one hundred per cent cooperation, have stayed well within their budgets and in many cases returned a sizeable balance to our city treasurer as indicated by the handsome unexpended balance of \$20,045.24 at the end of the fiscal year.

I extend my appreciation to all departments for their wonderful cooperation.

From time to time especially during the winter months, we have given much thought to the advisability of purchasing for the street department a snow loading machine. Up to the present time it has not seemed advisable for the city to invest approximately \$12,000 for such equipment. However, from reliable information I am able to gather and after a careful check up with our local industries, I am of the opinion that for at least four or five years after the duration the help situation in Laconia will be what we call tight. In other words, our street department will not be able to hire extra men to shovel snow when needed. Then again after the duration it will be necessary to keep our airport free from snow for air traffic. With these facts before us, I recommend that the Committee on Roads and Bridges carefully study the advisability of purchasing snow loading and removal equipment if and when same becomes available.

## **Finance Department**

When our city books were closed and audited on February 15, 1944, it was found that we had a balance of \$20,045.24. This amount represents the excess of current assets over current liabilities, and is in line with the balance shown on our books at the end of each year since 1940. During the past year \$31,750. was paid on our serial debt, there were no bonds issued. This reduced our net debt to \$149,000, which is about 1% of the valuation of our city, a new low for many years. A careful analysis of the above figures would indicate that the financial structure of our city is sound and that we are prepared for darker days if and when they come. Just what the picture will be for the year 1944 and 1945, I am not prepared to predict. With the mounting cost of living and with the construction of new taxable buildings practically at a standstill, it would seem that any further reduction in the tax rate at the present time would be doubtful. All I can say is that your Committee on Finance will endeavor to prepare a sound and balanced budget, and will take into consideration the needs and requests of not only the several departments of our city government, but of our individual citizens as well; but we must not forget, as stated earlier in this address, many of our boys have left their homes to fight for the very principles of self-government that you and I have been elected to preserve and care for, and it is our duty to see to it that this trust is not violated.

# CITY GOVERNMENT

LACONIA, N. H.

---

Inaugurated fourth Tuesday of March, biennially. **Stated meetings:** The last Monday of each month at 7:30 o'clock P. M., at City Council Room, 68 Pleasant Street.

## CITY COUNCIL

**MAYOR**

**ROBINSON W. SMITH**

**Elected March 9, 1943 for two years. Office: 68 Pleasant Street**

## COUNCIL

**Elected March 9, 1943 for two years.**

**Ward 1—William F. Champagne**

**Ward 2—Philip J. Blanchette**

**Ward 3—Ralph C. Kimball**

Hollis G. Perkins

†Resigned

\*Elected by City Council to fill vacancy.

# RESOLUTIONS

---

In the Year of our Lord one thousand nine hundred and Forty-Four

A Resolution authorizing temporary loans to an amount not exceeding Two Hundred Fifty Thousand Dollars in anticipation of the taxes of the present Municipal year.

Resolved by the City Council of the City of Laconia, as follows:

That for the purpose of meeting current expenses of the City, the City Treasurer be and hereby is authorized and empowered to make temporary loans from time to time for the use of said City of sums not exceeding the aggregate amount of \$250,000.00, said loans being in the anticipation of the taxes of the present municipal year and hereby expressly made payable therefrom, and to give for such loans subject to the written approval of the Committee on Finance, notes of the City, each note to become due and payable within one year from its date. Said Notes shall be signed by the Mayor and City Treasurer and countersigned by the City Clerk, shall be registered in the books kept for that purpose in the offices of the City Treasurer and City Clerk respectively.

This resolution shall take effect upon its passage.

Passed and approved March 27, 1944.

R. W. SMITH, Mayor.

---

In the Year of our Lord one thousand nine hundred and forty-four

A Resolution making appropriations for the year ending February 15, 1945.

Resolved by the City Council of the City of Laconia, as follows:

That the following appropriations be made for the year ending February 15, 1945, which appropriations shall be in full for all expenditures in each department named.

Passed and approved, July 24, 1944.

R. W. SMITH, Mayor.

In the Year of our Lord one thousand nine hundred and forty-four

A Resolution raising money by taxation for the year ending February 15, 1945.

Resolved by the City Council of the City of Laconia, as follows:

That there shall be raised and there is ordered to be raised on the polls and estate liable to be taxed within said City the sum of five hundred twenty-two thousand six hun-

dred four and four one hundredths (\$522,604.04) dollars to defray the necessary expenses and charges of the City for the financial year ending February 15, 1945.

Passed and approved July 24, 1944.

R. W. SMITH, Mayor.

---

In the Year of Our Lord one thousand nine hundred and forty-five

A Resolution authorizing the various departments of the City Government to function until their budgets for the fiscal year are approved.

Resolved by the City Council of the City of Laconia, as follows:

That all departments of the Laconia City Government be and hereby are authorized to carry on their usual functions until the budget of each department for the fiscal year is passed on and approved by the incoming City Council to be elected in March, 1945.

Passed and approved February 15, 1945.

R. W. SMITH, Mayor.

# ORDINANCES

---

In the Year of our Lord one thousand nine hundred and forty-four:

An ordinance relating to the salary of the City Treasurer.

Be it ordained by the City Council of the City of Laconia, as follows:

Amend Section 1 of Chapter 18 of the Compiled Ordinances of 1941 as amended by an ordinance passed and approved July 13, 1942, by striking out the whole thereof and inserting in place thereof the following:

Section 1. The City Treasurer shall receive in full for his services the sum of Eight Hundred Dollars per annum payable in equal quarterly payments.

Passed and approved July 31, 1944.

R. W. SMITH, Mayor.

---

In the Year of our Lord one thousand nine hundred and forty-four:

An Ordinance relating to the salaries of the Chief and Assistant Engineers of the fire department.

Be it ordained by the City Council of the City of Laconia, as follows:

Amend Section 5 of Chapter 22 of the Compiled Ordinances by striking out the whole thereof and inserting in place thereof the following:

Section 5: The chief engineer of the fire department shall receive in full for his services the sum of two thousand four hundred seventy-five dollars per annum, payable weekly. The salaries of the first, second, third and fourth assistant engineers shall be two hundred fifty dollars each per annum, payable quarterly.

Passed and approved July 31, 1944.

R. W. SMITH, Mayor.

In the Year of our Lord one thousand nine hundred and forty-five

An Ordinance relating to retail business establishments, plays, games, sports, theatrical or vaudeville performances and motion pictures on the Lord's Day.

Be it ordained by the City Council of the City of Laconia, as follows:

Section 1. It shall be lawful for all retail business establishments to keep open for the reception of company and sale of merchandise, and to conduct plays, games, sports, and exhibitions within the City of Laconia. But this Ordinance shall not be construed to permit public dancing, horse racing or prize fights at any time on the Lord's Day; or the games of baseball, hockey, or football, or any games, sports or exhibitions of physical skill to which admission is charged or donations accepted, to be held earlier than one o'clock in the afternoon, or the opening of theatrical or vaudeville performances or motion pictures earlier than two o'clock in the afternoon.

Section 2. This Act shall take effect upon its passage and approval by a majority vote of the legal voters present and voting at the next regular election.

Passed and approved February 15, 1945.

R. W. SMITH, Mayor.

# LACONIA HOSPITAL

---

February 26, 1945.

To the Honorable Mayor and Members of the City Council:

During the past two years the Laconia Hospital has been carrying a capacity load. We need first more beds, but of almost equal importance is added space to provide for segregation of departments. An enlarged nurses home with class rooms and facilities for recreation will do much to strengthen our school. The heating plant will be enlarged to serve the greater hospital.

We are planning a campaign in June with a minimum objective of \$275,000.00.

Our hospital ranks high among the hospitals of New England, and we must keep it in that position.

We regret very much that Mr. Albert F. Dolloff is leaving us March 1st. He is accepting a similar position in Torrington, Conn., where he will be director of a larger hospital with greater opportunities for service. He is leaving the Laconia Hospital a stronger institution because of his contribution. We appreciate his work here and wish him all success in his new position.

We are pleased to welcome as our new superintendent Mr. S. R. Mitchell, a man of broad business and hospital experience.

Respectfully yours,

ARTHUR D. O'SHEA,

President, Laconia Hospital Assn.

# BOARD OF HEALTH

---

Honorable Mayor and City Council  
Laconia, New Hampshire

Gentlemen:

Herewith is submitted the report of the Board of Health:

With the exception of the outbreak of poliomyelitis last fall, there were no serious epidemics.

The milk producers are maintaining their usual supply of very excellent milk, and the milk inspector has continued to do good work. Laconia is fortunate, both in having an efficient inspector and producers who are always anxious to co-operate with him. This is a very important department of health work and must be continued at all costs.

Doubtless Federal funds will be available after the war for public works of various kinds, and it is absolutely essential that a sewage disposal plant be constructed within the next five years. As it looks now, Federal laws will soon be passed compelling the cleaning up of the Merrimack River, and Laconia is one of the chief offenders. The increase in taxable property which would be constructed around the shores of Lake Winnisquam following this would eventually pay for any expense incurred by the City.

The annual complaint against the lock-up is hereby registered, and it is hoped that the construction of a new City Hall within the next few years will take care of this.

The salary of the city nurse was raised very slightly a few months ago, but a further raise is advised as the present salary is not in keeping with the present cost of living.

Respectfully submitted,

J. R. PERLEY, M. D.

Secretary, Board of Health

---

## PUBLIC HEALTH NURSE

For Year of 1944

Number of visits made during the year	1775
Medical	1235
Surgical	238

Pre-school Children	66
Crippled Children	52
Prenatal	45
Post Natae	34
Infant care	78
Home visits (instructive)	27
Receipt for city cases	\$308.50

JULIA PERIARD, R. N.

### MILK INSPECTOR

Milk inspection work was carried on as usual during 1944.

In addition to the regular milk testing, water samples were submitted daily from Laconia and Lakeport, and tested in the milk laboratory.

A war safety regulation required that water samples be tested daily through part of 1944, later this was changed to occasional samples. The extra equipment was supplied by the water company.

Each year a larger percentage of the milk and cream consumed in Laconia is pasteurized.

Stores selling milk and cream in Laconia were checked for refrigeration and source of supply.

### General Milk and Water Statistics

Total samples tested		970
Milk—all tests	452	
Cream and ice cream	34	
Skim milk	12	
Water—presumptive test	400+	
Samples—unsatisfactory all tests	72	

### Inspection Details

Farms producing milk for Laconia area	60	
Farms producing for local dealers	31	
Farms producing for and selling in Laconia, licensed	29	\$67.00
Dealers—plants inspected and licensed	5	25.00
Stores etc., retailing—inspected and licensed	64	128.00

Total received	\$220.00
----------------	----------

Respectfully submitted,

F. A. SMITH,  
Milk Inspector.

# FIRE DEPARTMENT

---

February 10, 1945.

To The Honorable Mayor and City Council  
Laconia, N. H.

During the past year, the Department responded to thirty-one box alarms and one hundred sixty-one on the telephone system.

The total insurance paid during the year 1944 was \$24,311.46 on buildings and contents.

There was no loss from fire that was not covered by insurance.

The apparatus on hand consists of four pumpers and hose trucks, two ladder trucks, two auxiliary pumps, one skid pump, and one forest fire pump valued at

8,000 feet good hose	\$37,000.00
Three fire stations	5,300.00
Fire alarm system	30,000.00
Equipment on apparatus	15,000.00
	10,000.00
	<hr/>
	\$67,300.00

Respectfully yours,

ARTHUR W. SPRING, Chief.

# TRUST FUNDS

---

## REPORT OF TRUSTEES

To the Honorable Mayor and City Council, Laconia, N. H.:

On account of the low interest rate, again we advise that a minimum of \$200.00 be left as a trust fund.

Work to be done is carefully considered and funds are conserved as much as possible. Only the very necessary work is done.

The trustees welcome any suggestions or criticisms.

# LIBRARY TRUSTEES

---

To the Honorable Mayor and Members of the City Council:

As authorized by the Board of Trustees, I am forwarding the report of Mrs. Barbara Cotton who succeeded Miss Mary Lane as librarian June 26, 1944.

The trustees express their appreciation to you and your Council for your cooperation with us.

Respectfully submitted,

HENRY T. TURNER,  
Chairman, Board of Trustees.

---

## LIBRARIAN

To the Board of Trustees of the Laconia Public Library:

I herewith submit my report as librarian of the Laconia Public Library for the year ending February 15, 1945.

With the exception of the librarian, the personnel at both the main library and the Goss Reading Room at Lakeport has remained unchanged during the year. Mrs. Goldie Bean Ross profited by two weeks study at the summer library Institute held in Concord. Other staff and Trustee members attended the Boston Book Fair and both state and New England Regional Library Association meetings. All these meetings have emphasized the necessity of planning for post-war adjustments.

The total circulation at both libraries has decreased during the past year, due no doubt, to the busy unsettled times which we are experiencing. However, it is encouraging to note that the juvenile circulation is increasing.

Throughout the year we have had special exhibits to commemorate the various holidays. The children's corner of the reference room has been made more attractive by the use of appropriate displays. A large Christmas tree was decorated with ornaments made by the children. Appreciative comments from the public assure us that these improvements are well worth the planning and extra labor.

In the spring of 1944 the Winnepesaukee Branch of the American Association of University Women sponsored an Atlantic Cruise Reading Contest. Students between the third and sixth grades were encouraged to participate. The Association awarded individual prizes of small globes to the winners of the Contest, and to the library it presented a large revolving globe on a floor stand. This gift has been of great benefit to the patrons of the library, particularly the students, and the library appreciates the generosity of the Association.

Library Memorial Hall is used regularly by several organizations for their meetings. In August the Laconia Art Group exhibited paintings by its members. The annual exhibit by this club always attracts a large number of art lovers, and is one of the enjoyable features of the summer season.

The Trustees cooperated with the Laconia Evening Citizen in arranging for the second annual Authors Tea held at the Laconia Tavern August 30. Many authors and librarians visited the library and Memorial Hall at that time.

Book Week was observed in November. The display of new childrens books was in keeping with Book Week slogan "United Through Books". During Book Week we were very fortunate to have on exhibition in Memorial Hall many original manuscripts and books of famous authors loaned by Dr. Curtis Hidden Page of Gilmanton. One afternoon during the week, Dr. Page gave a scholarly and most interesting address on the pleasure of collecting original manuscripts and first editions. The address was thoroughly enjoyed by an appreciative audience.

Outstanding among the gifts received was a large American flag which had been flown over the capitol at Washington, D. C., and a choice silver service presented by Mr. William M. Dearborn. This service, over one hundred years old, originally belonged to his grandparents, Alfred and Octavia (Bean) Prescott of Gilmanton. This is a valuable addition to the treasures rapidly being assembled in Memorial Hall.

In December the students of the fifth and sixth grades at Gilford Avenue school gave a twenty-five dollar bond to be held in trust by the Trustees of the library until its maturity,

at which time the money will be used to purchase children's books for the library. The agreement was signed by each pupil, and accepted and signed by the Trustees.

Generous gifts of books have been received from library patrons during the year. Three years' copies of the 'Laconia Evening Citizen' have been bound for the library by the Citizen Publishing Company.

The Lakeport Library received five hundred dollars from the estate of Miss Ella J. Morrison, in memory of her aunt Caroline M. Hayward. It has been decided to use this money to equip a children's room with suitable furniture and book cases. This room has already been redecorated and when furnished, will add greatly to the usefulness and service of this attractive library.

The rental collection which was temporarily discontinued was resumed in January. This collection makes more copies of new and popular books available to the public earlier than would otherwise be possible.

The severe drought of the summer made it essential that more water than usual be used to keep the grounds verdant and attractive. The flowers of the Victory garden were replaced in the Fall with evergreens illuminated with red, white and blue lights. This lighted "V" attracted many favorable comments.

Two attempts have been made to meet the critical fuel shortage this winter. The attic of the library was insulated and the result has been a noticeable improvement in a more even distribution of heat throughout the library. To conserve our limited supply of fuel, both libraries have been operating each day on a shorter schedule of hours.

In March 1945, the S. S. LACONIA VICTORY, named in honor of this city, will be launched at Baltimore, Md. Mrs. Robinson W. Smith, wife of the Mayor, will act as sponsor for the ship, and at that time will present to the boat a library from the citizens of Laconia. The task of selecting and sending the books was assigned to the Trustees and the librarian. Approximately one hundred twenty-five books will be sent. Two carved plaques carrying greetings to the officers and men of the boat will also be the gift of the city.

My first seven months as librarian of the Laconia Public Library has been a very happy experience due to the whole hearted cooperation of the members of the staff and the generous support of the Trustees.

BARBARA COTTON,  
Librarian.

---

### Library Statistics

Total circulation	57952
Number of books added during the year	1106
Number of books withdrawn during the year	396
Number of books borrowed on inter-library loan	61
Number of books loaned on inter-library loan	9
Periodicals received (excluding duplicates)	80
Newspapers received (excluding duplicates)	9
Number of new registrations	511
Number of days open	302

# BOARD OF PUBLIC WORKS

---

Laconia, New Hampshire.

February 15, 1945.

To the Honorable Mayor and City Council:

We hereby submit the forty-fourth annual report of the Board of Public Works, together with the detailed financial statement covering the operations of the City Engineering, Street and Sewer Departments during the past fiscal year.

We are transmitting herewith for your consideration, also, a copy of the detailed report of the City Engineer, as submitted to us, including his suggestions and recommendations for the ensuing year.

Although the handicap of decreased manpower and reduced facilities have been seriously felt, the maintenance work of the Departments have been carried on, we believe, in a satisfactory manner. The public generally, appreciating the existing conditions, has been cooperative, and complaints have remained at a minimum.

The City Engineer and his assistant, the foremen and men are entitled to credit for intelligent planning and faithful and untiring work in their several capacities.

Although study and consideration is being given to Post War planning for Public Works, including projects to take up the slack of unemployment, likely to ensue, it seems at this time, doubtful if much construction work can be provided for and undertaken this season, and it therefore would appear that we should confine our immediate recommendations and plans along the lines of maintenance, leaving to a later date, a discussion of construction needs.

We wish to endorse and emphasize especially, the recommendation of the City Engineer, relative to the need for three new truck units with adequate snow plows, and we would urge provision for the erection of a suitable work shop and garage for the storage and repair of our equipment.

The purchase of the "SnoGo" unit, for use in connection with snow removal on the principal streets, it would seem, was a wise and timely investment. The results of its use during the

**"SNOGO" PURCHASED IN 1944**

(Left to right) Harry L. Smith, Oscar L. Hoyt, Members of the Board of Public Works, Arnold O'Mara, City Engineer, Robinson W. Smith, Mayor, and Willis G. Watson, Member of the Board of Public Works.

present severe winter, with its heavy snow fall have caused many expressions of approval from our citizens and the excellent condition of our main street, soon after a heavy storm, has been widely commented upon by our business visitors from out of town, as well.

The T. R. A., or State Aid for Class Five Roads, is expected to be available this year and we recommend that the City cooperate and raise its share of funds in order to continue improvement of the so-called outlying roads within the City limits.

We close our report with the urgent recommendation that an adequate appropriation be made for routine maintenance, winter expense and the customary all year services rendered by this Department.

The following is the schedule proposed for the ensuing year:

Highways and Bridges	\$22,000.00
Winter Expenses	34,000.00
Sanding Sidewalks	2,100.00
Collection, Ashes	9,100.00
Sewer Maintenance	5,800.00
City Engineering	2,500.00
Cleaning Streets	7,200.00
City Share, T. R. A.	913.42
Cleaning Catch Basins	1,800.00
Tarring Streets	10,000.00
Drain Repairs	1,500.00
Maintenance of Macadam	7,000.00
Insurance	700.00
Cutting Grass, Trees and Brush	2,200.00
Bridge Repairs	3,000.00
Purchase of Equipment	14,000.00
Recovering Sidewalks	3,500.00
	<hr/>
	\$127,313.42

Respectfully submitted,

HARRY L. SMITH,

OSCAR L. HOYT,

WILLIS G. WATSON,

Board of Public Works.

# REPORT OF THE STREET, SEWER AND ENGINEERING DEPARTMENT

Laconia, New Hampshire

February 15, 1945.

To the Board of Public Works:

Gentlemen:

I present herewith the report of the Public Works Department for the fiscal year ending February 15, 1945. The amount expended was \$125,579.06 and is itemized in the following statement.

## FINANCIAL STATEMENT

Department	Balances & Appropriations	Receipts & Transfers	Total Credits	Total Expended	Unexpended Balances
General Repairs and Maintenance .....	\$28,834.55	\$5,625.02	\$34,459.57	\$33,857.18	\$602.39
Winter Expenses .....	27,500.00		27,500.00	31,744.15	4,244.15*
Sanding Sidewalks ..	1,900.00		1,900.00	1,794.34	105.66
Collection of Ashes, Waste and Dump Rentals .....	8,650.00		8,650.00	8,735.50	\$5.50*
Sewer Maintenance ..	5,650.00	66.00	5,716.00	5,708.00	8.00
City Engineering ...	2,300.00		2,300.00	2,292.33	7.67
Cleaning Streets ....	6,900.00		6,900.00	6,940.96	40.96*
City's Share T.R.A....	613.49		613.49	613.45	.04
Clean'g Catch Basins	1,700.00		1,700.00	1,696.49	93.51
Tarring Streets ....	9,700.00		9,700.00	9,535.98	164.02
Drain Repairs .....	1,350.00		1,350.00	1,339.11	10.89
Maint. of Macadam...	6,200.00		6,200.00	6,157.92	42.08
Insurance .....	600.00		600.00	683.27	\$83.27*
Cutting Grass .....	2,450.00		2,450.00	2,435.31	14.69
Bridge Repairs .....	1,300.00		1,300.00	1,300.00	
Recovering Sidewalks	3,500.00		3,500.00	3,455.30	44.70
Purchase of Equip. .	2,000.00		2,000.00	1,995.60	4.40
Fenton Ave. Sidewalk	709.00		709.00	666.17	42.83

Lyman St. Sidewalk.	366.00		366.00	330.82	35.18
Shepard St. Sidewalk	437.00		437.00	377.70	59.30
Taylor St. Sidewalk	572.00		572.00	506.10	65.90
Pleasant St. Curb...	691.00		691.00	560.48	130.52
Tarring City Hall					
..Parking Lot .....	300.00		300.00	297.16	2.84
Purchase of Sandpit	1,500.00		1,500.00	1,500.00	
	\$116,706.04	\$5,691.02	\$122,397.06	\$125,579.06	\$3,182.00*

\*Indicates an overdraft.

## Bridges

Minor repairs were made to the various bridges and culverts. The steel bridge on Messer Street was cleaned and given two coats of paint, the work being done by a bridge crew of the New Hampshire Highway Department. The steel bridge on Messer Street should receive similar attention this year. Temporary repairs have been made to the wooden bridge on Mill street but the time has come when it must be rebuilt or replaced with a more permanent structure. A number of

timbers in the truss frame show evidence of rot and the timber mat under the stone pier has deteriorated causing an uneven settlement of the pier.

### **Plumbing**

Nine house connections were made to the sanitary sewers and 50 permits for plumbing additions were issued and the work inspected. Two plumbing examinations were held during the year but no new licenses were issued.

### **Sanitary Sewers and Drains**

Changes and repairs were made to existing sewers and drainage system but no additions or extensions were laid. The thirty-two miles of sanitary sewers were carefully flushed and are in good condition. The department purchased 325 feet of flexible sewer rods to replace the wooden rods formerly used and they have proven to be a labor and time saver in freeing sewer lines of obstructions.

### **Sidewalks**

Sidewalks on the following streets were graded and surfaced with asphalt concrete:

Fenton Avenue	333.33 sq. yds.
Bowman Street	414.60 sq. yds.
Lyman Street	142.22 sq. yds.
Shepard Street	167.22 sq. yds.
Taylor Street	230.55 sq. yds.
Dolloff Street	376.00 sq. yds.

3,060 sq. yds. of worn sidewalks were renewed with an asphalt top and a number of dirt sidewalks were graded and given a surface of stone dust.

### **Street Resurfacing**

The appropriations for street tarring and maintenance of macadam enabled us to surface treat 300,000 sq. yds. of gravel and macadam streets. Sixty-seven thousand gallons of MC3 asphalt was used and applied on the gravel streets at the rate of  $\frac{1}{2}$  gallon per sq. yd., which was covered with sand, honed and rolled. The macadam pavement received two applications of  $\frac{1}{2}$  gallon each with a pea stone and sand covering. This treatment provides a smooth riding surface and prolongs the life of the pavement.

### **General**

Two hundred and seventeen feet of granite curb was laid on Pleasant Street which completes curbing the east side of that street as far as Folsom Street.

Funds were provided for the purchase of a street broom and an order was placed early in the season for a Littleford power sweeper which we received too late to use in 1944 but it will be pressed into service in the spring clean-up of our highways.

Two street extensions and one new street were laid out by the Mayor and City Council but no appropriation was provided for building them. Funds should be allotted this year to grade, gravel and surface these highways.

The purchase of a parcel of land from Leon Morin and located near the Cotton Hill road has provided this department with a gravel and sand pit which will furnish us with an abundant supply of this material for street construction and maintenance.

This department has long experienced the need for a workshop and heated garage for its trucks and other equipment and this need has become a necessity since our shed on Water Street was gutted by fire last summer. At present we have no building wherein we can make even minor repairs to our trucks and a number of them are stored in unheated sheds. I believe that it would be in the interest of economy to erect a suitable building of this nature at our yards on Messer Street.

As I stated in my report of last year our 1½ ton trucks are not adequate for plowing some of the hilly sections of the city and as prospects seem favorable that more motorized equipment will be made available for purchase this year we should procure three 3½ tons truck units with adequate plows.

The extreme winter conditions have made it necessary to expend much more than the usual amount for winter expense, especially for plowing and snow removal. Our trucks have had extremely severe usage and the cost of keeping them in repair has been high. In the matter of snow removal the department was fortunate in having secured a loader without which we would have been greatly handicapped this winter, to say the least. It has proven to have been a sound and favorable investment.

Respectfully submitted,

ARNOLD J. O'MARA,

City Engineer,

Supt. of Streets and Sewers.

# POLICE DEPARTMENT

---

## REPORT OF POLICE COMMISSIONERS

To The Honorable Mayor and City Council:

We respectfully submit the report of The Laconia Police Department for the year ending January 31, 1945. We respectfully urge your careful reading of the report which gives a comprehensive report of the services rendered by the department.

An invitation was extended by John Edgar Hoover, of The Federal Bureau of Investigation, to designate Chief Hubbard to attend FBI National Police Academy. The Chief is now attending the academy in Washington. This invitation is a great honor to The Chief and to The City of Laconia. We feel sure that his attending this academy will be a great benefit to him and to this department.

We have been greatly handicapped by a shortage of police officers due to some men being sick and others being in the armed service. We are able to continue to give the usual protection due to the cooperation of our police officers who are working extra time and often work their days off.

December 16th we wrote you making the following suggestions for Post War improvements.

1. That a Detention House or City Lock Up be built. It is not necessary for us to go into details regarding the building now being used as you know of the improper condition of this building. However, we would call your attention to the fact that persons put in this building have not been before the court and found guilty but are locked up because they can not furnish bail.

If a new city hall is planned the detention house should be in this building and the department would like to be consulted regarding the lay out of the quarters they will use. If a city building is not constructed the department would recommend that a new detention house be constructed.

2. That an up to date card index of police court records be made. The system now in use is antiquated and it is necessary for the chief to go over several kinds of records in

order to make a summary of a persons police record. This project was to be started several years ago but was given up on account of the war.

CHARLES J. PITMAN,  
CLARENCE E. ROWE,  
FORTUNAT E. NORMANDIN,  
Police Commissioners.

---

## CHIEF OF POLICE

Report of Chief of Police to the Board of Police Commissioners, Year Ending January 31, 1945.

### Arrests

Arrests, Males,	226
Arrests, Females,	22
Whole number of arrests,	248

## Clerk

To the Honorable Mayor and City Council:  
Gentlemen:

I herewith submit my annual report as Clerk of the Municipal Court of Laconia.

The criminal cases brought before the Court and disposal of same are shown in detail by the report of the Chief of Police.

The cash receipts of the Court and the disposition of same summarize as follows:

## RECEIPTS

Received from fines and costs	\$3,157.21
Writs, warrants and entry fees	13.92
Entry fees, Small Claims Court	17.10

---

\$3,188.23

## PAID AS FOLLOWS

Mrs. Marion Hilliard, money recovered	\$100.00
Officers fees	72.09
Postage, small claims	2.39
Witness fees	16.36
Clarence S. Newell, treasurer	2,997.39

---

\$3,188.23

Respectfully submitted,

EARL FLANDERS,  
Clerk.

## OVERSEER OF THE POOR

---

To the Honorable Mayor and Council of the City of Laconia:

Gentlemen:

It is my privilege and duty to submit herewith my report as Overseer of the Poor for the year ending February 15, 1945.

This department has not received as many applications for assistance as in previous years; aid being given to persons incapacitated for physical employment.

The amount appropriated for support of poor for year ending February 15, 1945 was \$12,000.00 Received from refunds \$282.30, total receipts \$12,282.30, amount unexpended \$5,404.86 which was transferred to excess and deficiency account by direction of the City Council.

Respectfully submitted,

MILDRED H. BUCKLIN,  
Overseer of the Poor.

# PARK COMMISSION

---

To the Honorable Mayor and City Council:

As Secretary of the Laconia Park Commission, I submit the following brief report for the year ending December 31st, 1944.

Routine meetings were held to plan the activities of the three parks for the year. Mr. Richard Shelley, Chairman, presided at each meeting, attended by all members of the Park Commission, Mrs. Lawrence Holt, Mrs. Percy Philbrook, Dr. Clarence Rowe, and Mayor Robinson W. Smith. A special meeting was called in November to listen to an appeal from representatives of the High School Teen Age Group. Mr. Rhoden Eddy was present as an advisor to the group.

The schedule for Park activities for the summer season was June 26 through August 19—with the following personnel—Opechee—Miss Jessie Dutrizac, Miss Margaret Goranson, Miss Virginia Billings—Wyatt Park—Miss Esma Ford—Leavitt Park—Mr. Charles Peterson, Miss Jean Proctor. The Red Cross Chapter voted \$150.00 towards the Life Saving Program for water front activities. A full and complete schedule was carried out by all parks with a very good average attendance of younger boys and girls. Leavitt Park has two newly hard surfaced tennis courts. Opechee Park has a new diving board. Club houses at each of the three parks are widely used for Community uses all the year.

The Winter skating program included eight weeks, December 18 to February 11, inclusive. Contracts were given to Mr. Victor Walker for Leavitt Park, to Mr. Michael Roubo for Opechee Park, to Mr. John O'Connor for Wyatt Park and to Mr. Wilfred Gilbert for Casino Square.

Because of the War and travel difficulties, all parks are in constant use by all age groups in the City, and the City of Laconia should be justly proud of its splendid Parks and their facilities.

MARJORIE O. PHILBROOK,  
Secretary Park Commission.

# SCHOOL DEPARTMENT

---

## REPORT OF THE CHAIRMAN, LACONIA SCHOOL BOARD

To the Mayor and Council of the City of Laconia:

As Chairman of the School Board of the City of Laconia since my election on April 18, 1944, I take this opportunity to advise the citizens of Laconia that in my opinion our schools under the careful guidance of our Superintendent, Rhoden B. Eddy, stand among the highest in our state. His report, which follows, will give a more detailed description of the system for the year and will be of interest to all taxpayers and particularly so to those having children in school. All of us desire that all the children of Laconia shall have the best in educational advantages and, beyond this, that our school system shall be a credit and an asset to the city.

The expense of education in these critical times of war is known to be great, and we are especially conscious of the fact that we must pay higher salaries to our teachers; either this or they will be forced to seek employment elsewhere under more favorable standards. The School Board has tried to meet the problem by adopting a salary schedule and giving a "cost of living" increment beyond the schedule, and I believe the plan is working with some success.

I think the taxpayers will be pleased to know that the School Board accepted our superintendent's recommendation that many new books be purchased for our elementary grades this year, that sanitary and adequate physical education quarters be created in the high school building to replace the present inadequate facilities, that the ground floor of the Practical Arts Building be floored and the space developed into a modern cafeteria to serve the whole high school population (which I hope will be ready at an early date), that our elementary grades be re-organized to give the pupils greater educational advantages. Beyond these recommendations the Board accepted other recommendations of importance, some of which will be mentioned elsewhere.

The Laconia School Board is pleased with the interest shown by the Laconia Chamber of Commerce in the school system and condition of the school plant; the Board welcomes the interest and the constructive attitude of the Chamber of Commerce.

Again, through Mr. Eddy, the School Board has made instruction in the Practical Arts and Home Economics Departments of the high school available to the boys and girls of the seventh and eighth grades of the Parochial Schools, and recently the free use of the high school gymnasium to the St. Joseph's School basketball teams.

During the past year the Board has had numerous and varied matters with which to deal, including a plan for granting high school diplomas to seniors entering the armed forces before completing the year, a program of adult education through evening school courses, conducting Child Care Day Centers, fixing tuition rates for non-resident pupils attending Laconia schools, and the care and maintenance of school property. In these and all other matters it is my sincere hope that the taxpayers will perceive the earnest desire of the Laconia School Board to serve the citizens of Laconia by serving the two objectives mentioned at the end of the first paragraph of this report, which are: To bring to all the children in Laconia the best educational advantages, and to favor policies that will make our school system a credit and an asset to Laconia.

Respectfully submitted,

THEO S. JEWETT, Chairman.

**SCHOOL FINANCES**

For the year ending June 30, 1944

The financial year for the schools is not the financial year of the city, which ends February 15 at the present time. The school year runs from the first day of July in one year through the thirtieth of June of the following year.

**TABLE 3****Receipts**

(July 1, 1943 to June 30, 1944)

Appropriation	\$170,945.00
Dog Licenses	1,988.79
Elementary school tuitions	340.00
High School tuitions	5,805.00
Other receipts	11,580.57
Temporary Federal agencies	1,377.91
	<hr/>
	\$192,037.77

**TABLE 4****Payments**

(Year ending June 30, 1944)

## Administration:

Salary of district officers	\$ 95.00
Superintendent's Excess Salary	1,962.50
Truant Officer and School Census	476.70
Expenses of Administration	3,351.23

## Instruction:

Principals' and Teachers' Salaries	120,087.32
Textbooks	3,453.96
Scholars' Supplies	6,137.91
Flags and Appurtenances	24.00
Other Expenses of Instruction	1,732.73

## Operation and Maintenance of School Plant:

Janitor Service	8,381.00
Fuel	8,120.85
Water, Light, Janitors' Supplies	4,479.10
Minor Repairs and Expenses	6,613.74

## Auxiliary Agencies and Special Activities:

Medical Inspection	2,128.78
Transportation of Pupils	2,671.00
Other Special Activities	8,871.63

## Fixed Charges:

Tax for State-Wide Supervision*	3,914.00
Insurance and Other Fixed Charges	1,359.80

## Outlay for Construction and Equipment:

Alterations of Old Buildings	46.45
New Equipment	743.87

## Debt, Interest, and Other Charges:

Payment of Principal of Debt*	5,750.00
Payment of Interest on Debt*	1,641.25
Payments (WPT and OSYA—Federal Agencies)	6,687.72

---

 \$198,730.54

\*Tax for Statewide Supervision

3,914.00

Payment of principal of debt

5,750.00

Payment of interest of debt

1,641.25

---

 \$11,305.25

These items were charges paid by the city, but did not constitute a part of the cost of operating the schools for 1943-1944.

The following summary presents a series of comprehensive financial facts for the part year.

I. Cost of operating all types of education	\$187,425.29
II. Receipts by School District for Operation	192,037.77
III. Unspent—turned back to the city	4,612.48
IV. Non-operating costs, spent by city	11,305.25
V. Total costs—all purposes	198,730.54
VI. Raised by taxation	182,250.25
Received from income	16,479.29
	<hr/>
	\$198,730.54
VII. Tax rate in Laconia for 1944 \$31.90 per thousand dollars of valuation.	
VIII. Approximate amount of tax rate for all educational purposes \$11.47	
IX. Approximate relationship of net educational costs to total costs for all city government in 1944—36%. This relationship is very fair. It means that about one-third of all the money raised for all purposes, last year went to meet school costs. For actual operating expenses, however, only 30% of the total was spent, or less than one-third.	

**TABLE 5**

**School Budget (1944-1945)**

**I. Administration**

	Approved School Board	Adjusted After Appropriation
1. Salaries District Officers	\$ 325.00	\$ 325.00
2. Superintendent's Excess Salary	2,500.00	2,500.00
3. Att. Office and Census	540.00	540.00
4. (Other) Exp. of Administration	925.00	925.00
4a. Salaries Secs. and Clerks	2,550.00	2,550.00
4b. Telephone and Mailings	500.00	500.00
	<hr/>	<hr/>
Total for Administration	\$7,340.00	\$7,340.00

**II. Instruction**

5. Principals and Teachers Salaries	\$132,821.00	\$132,821.00
6. Textbooks	5,200.00	4,500.00
7. Supplies (common)	6,650.00	6,000.00

7a. Supplies (special)		
8. Flags and Appurtenances	25.00	25.00
9. Other Expenses of Instruction	650.00	550.00
9a. School Libraries	750.00	650.00
	<hr/>	<hr/>
Total for Instruction	\$146,096.00	\$144,546.00
<b>III. Operation and Maintenance</b>		
10. Janitors' Salaries	\$9,475.00	\$9,300.00
11. Fuel	7,500.00	7,500.00
12. Water and Light, Jan. Sup.	3,000.00	3,000.00
12a. Maintenance Supplies	700.00	700.00
13. Painting	1,400.00	1,400.00
13a. Repairs and Replacements	1,830.00	1,830.00
	<hr/>	<hr/>
Total for Operation & Maintenance	\$23,905.00	\$23,730.00
<b>IV. Auxiliary Agencies and Special Activities</b>		
14. Salary and Expenses School Nurse	\$2,125.00	\$2,125.00
14a. Salary and Expenses Sch. Physician		
14b. Health Supplies and Equipment	100.00	100.00
15. Transportation of pupils	3,200.00	3,200.00
16. 17. Tuition Payments		
18. Other Special Activities		
18a. School Lunch Program and Milk	500.00	500.00
	<hr/>	<hr/>
Total for Auxiliary Agencies and Special Activities	\$5,925.00	\$5,925.00
<b>V. Fixed Charges</b>		
*19. Tax for State Supervision	\$3,724.00	\$3,724.00
20. Insurance	1,700.00	1,700.00
20a. Other Fixed Charges		
	<hr/>	<hr/>
Total for Fixed Charges	\$1,700.00	\$1,700.00
<b>VI. Outlay, Const. and Equipment</b>		
21. Land and New Buildings		
22. Building Alterations	18,200.00	3,200.00
23. New Equipment	500.00	500.00
	<hr/>	<hr/>
Total for Outlay	\$18,700.00	\$3,700.00

**VII. Debt, Interest, Other Charges**

*24 Principal of debt	\$5,750.00	\$5,750.00
*25 Interest on debt	\$1,641.25	1,641.25
*26 Obligations of previous year		
Total Debt, Interest, Other Charges!	7,391.25	7,391.25

Total I-VII Regular Expenses	\$203,666.00	\$186,941.00
*(Items not included)		

**Extensions**

VIII. Child Day Care Centers	\$1,200.00	\$600.00
XI. Adult and Out-of-School education	400.00	400.00
Total VIII and IX—Extensions	\$1,600.00	\$1,000.00

Grand Total—regular & extensions \$205,266.00 \$187,941.00

†The figures in this column are those under which the schools are operating—1944-1945.

The total appropriation for schools for the year (July 1, 1944, through June 30, 1945,) is \$180,066. Of this amount \$1,000 was allotted to EXTENSIONS (see budget arrangement.)

The School Budget as it appears here (effective) is the actual operating budget complete in all details. The starred items (19, 24, 25, 26) are expenditures made by the city but are not a part of the operating expenses.

All REGULAR expenditures (Total I through VII) are those ordinarily thought of when day school costs are considered.

EXTENSIONS (items VIII and IX) are expenditures for types of education beyond the traditional school program. These items are self-explanatory as to their nature. They total \$1000.

**Table 6. Income for Regular Expenditures**

From Appropriation	\$179,066.00
Anticipated Income*	7,875.00
	<hr/>
	\$186,941.00

\*Income from tuition, dog tax, rentals, etc., estimated in advance

Reports deal ordinarily with expenditures for the school year just closed, and it is my hope to make some such report immediately at the close of the school year, which is also the fiscal year, annually. It is interesting, however, to examine

the budget for the present year now. Assuming that the amounts shown in the budget are all spent exactly, the following analysis results:

ADMINISTRATION costs \$7,340 or 3.9% of total budget.

INSTRUCTION costs \$144,546 or 77.32% of total budget.

- (a) Teachers' salaries are \$132,821 or 71.05% of total
- (b) Textbooks\* are 4,500 or 2.41% of total
- (c) Supplies† are 6,025 or 3.22% of total
- (d) All other inst. are 1,200 or .64% of total

\*the budget figure will be exceeded for reasons given farther on.

†Supplies and textbooks together make up only 5.63% of the total budget, and together represent an expenditure of only \$6.00 per pupil, approximately.

OPERATION AND MAINTENANCE costs \$23,730 or 12.69% of total budget

- (a) Janitors' salaries are \$9,300 or 4.93% of total
- (b) Fuel costs are 7,500 or 4.10% of total
- (c) Water and light are 3,000 or 1.56% of total
- (d) Main. and Repairs are 3,930 or 2.10% of total

AUXILIARY AND SPECIAL ACTIVITIES costs \$5,925 or 3.17% of total budget.

FIXED CHARGES costs \$1,700 or 1.00% of total budget.

(Made by School Department only)

OUTLAY-CONSTRUCTION AND EQUIPMENT costs \$3,700 or 1.98% of total budget.

The city will spend during the present school year the following sums for:

Item 19—Tax for state supervision	\$3,724.00
Item 24—Principal of debt	5,750.00
Item 25—Interest on debt	1,651.25

Total	\$11,115.25
-------	-------------

Item 19 represents a charge of \$2.00 per child for every child in Laconia between the ages of five and twenty-one and is the procedure taken in New Hampshire to secure some of the funds necessary for carrying on the work of the State Department of Education. All New Hampshire towns and cities pay this tax.

Items 24 and 25 are principal and interest payments on the Practical Arts Building, constructed in 1936.

## FOREWORD

It is the superintendent's desire to do all in his power to give Laconia a superior, modern school system so that it may, as Chairman Jewett has stated, "Bring to all the children of Laconia the best educational advantages and be a credit and an asset to Laconia."

The superintendent serves the School Board elected by all the people. The intelligence and vision of that body, the desire of the individual members to work harmoniously together solely in the interests of the boys and girls of Laconia and the prestige and well being of the city, determine the effectiveness of the superintendent. Laconia always has had the highest reputation for having an effective, non-political school administration. Basically the citizens should take credit for this for they have selected the persons responsible for advancing education within the city.

Again, the superintendent can be effective only to the extent that the teaching staff is qualified for its duties. The quality of the teacher is the largest single factor in the quality of the school system. Laconia has recognized this fact in its willingness to consider the importance of teachers' salaries in securing teachers for its boys and girls. Even now, however, salaries are below the demands that costs of living make upon the teachers, and are not yet in keeping with the remuneration that should be made to those persons who must play so important a part in the lives of children and youth.

Life is becoming more and more complex, and more interesting for everyone, but particularly so for the many. The opinions and desires of the whole population will find expression in the whole political, social and economic situation controlling American life. Every individual person must know how to live effectively with all other persons and he must want so to live. The statement is easily made, but its accomplishment demands a tremendous contribution from education. To meet changes and assure human progress, it is the sober truth that, "What was good enough for me is not good enough for my children." All the children of all the people must learn how to live effectively together in a complex society; primarily, it is the job of education to train them for such a life in such a society.

## **REVIEW OF THE SCHOOL YEAR**

### **Elementary School Re-organization**

It was the superintendent's early opinion that Laconia's elementary school grades should be re-organized so that each teacher would have a single grade. From the point-of-view of teaching the fundamental school subjects alone, Standard Test Results bore out the advisability of such a re-organization. To bring about this re-organization, so that each teacher would have but a single grade, required the transportation of some children to a school building outside the area of the building that had served all the children in that area in the past. The explanation is complicated, but, briefly, there are too many school buildings in Laconia for the density of population in any prescribed area; such buildings as there are either too large or too small to serve that area alone and provide grades of adequate size. As a result there were mixed grades in all but two of the elementary school buildings.

A mixed grade arrangement is forced upon those communities where the total school population is too large for the one room rural school, but too small for the single grade organization. In a city of fifteen thousand population one would not expect to find a village school organization any more than he would expect to find a rural school organization. In Laconia, obviously, there are children enough in the elementary grades to give them the benefits of the most effective type of organization.

It did not seem logical to permit the mere location of school buildings, located from fifty to seventy years ago, or more, to dictate what should be the educational advantages of boys and girls today—more especially when simple in-city transportation made that entirely unnecessary. Accordingly, the elementary school grades opened in September with single graded rooms only. The plan is working very well considering some transportation restrictions; under normal conditions, transportation and improved lunch services would make the plan completely perfect. There is increased cost because of transportation, though it is not large. Better educational services usually do cost more.

### **Physical Education Facilities**

At the time of its construction the high school building was modern in its facilities and contained a gymnasium, an auditori-

um, shops, science laboratory, library, and so on." In 1923, however, Laconia was only a little more than half as large as it is now, and physical education consisted of athletic teams almost entirely. There was no physical education program and there were no real physical educational quarters. In the same way that mechanic arts and home economics education developed to a point where the city found it advisable to provide completely new quarters, the physical education program has come into prominence (and the need of such education is pointed out time and time again in army reports on the relatively inferior physical condition of America's young men and women.) Suddenly Laconia High School's physical education facilities became entirely inadequate. The gymnasium is not half large enough to make possible the most effective type of physical education program, and the athletic field proves to have the same inadequacies, even while its surface deteriorates from constant usage. Equally serious is the fact that shower and locker room facilities for both boys and girls are make-shifts—unsightly, unsatisfactory and unsanitary.

Specific plans for improving the last named condition were begun in March, 1944. Mr. Archer Hudson, a well known New Hampshire school architect, was engaged to prepare plans for modern shower and locker room facilities for the boys—and similar plans for the girls were to be inaugurated the following year. Plans were prepared (to be paid for when and if the work was undertaken) and costs determined. The item (\$15,000) was included in the School Board's Approved Budget. It was the judgment of the appropriating body, however, that the expenditure could not be made this year (1944) and funds were not allowed.

The plan is complete and would give Laconia High School, physical education boys' quarters that the city might be proud to have outsiders view, but more important, these quarters would insure hygienic and sanitary conditions instead of present conditions.

### **Athletic Field**

The high school athletic field falls into the same category as the gymnasium; is not large enough for the physical education program of a school that enrolled eleven hundred pupils (before the war), and it is not complete for track athletics. Bleacher space is ridiculously inadequate for major contests. Beyond

these defects the surface of the field is a matter of concern for it has been severely used in the past years. Every pleasant day from early spring until late fall finds the field in use. The entire physical education program of the high school moves outdoors when the weather permits and the field is used all day long on school days; on Saturdays and Sundays there are high school games or parochial school games of baseball and football; during the early evening hours in spring, summer and fall local softball and baseball teams use the field. It is no wonder that the turf has completely disappeared in large patches and that the surface is being worn through the thin loam covering.

The School Board is well aware of the need of the athletic field for expansion, lay-out and renovation. When manpower and materials are again available the Board will submit a plan for improvement. Meantime, the plan is to have at least half the field loamed and seeded this spring and to attempt to secure more bleacher space for the coming fall contests. This will necessitate closing off the field for all outside use this spring and summer and will restrict the school's program this spring; very likely the Pearl Street grounds or Opechee Park will have to be used for high school baseball.

#### **Use of School Facilities by the Whole Community**

The School Board has heartily approved the superintendent's policy of making the school facilities available to Laconia as a whole. Gymnasium, shops, auditorium, and athletic field have been available for community and parochial activities almost to the limit of capacity. This is as it should be. These expensive facilities belong to all the citizens; the maximum use of these facilities means that Laconia as a whole is receiving a large return on its original investment and the money it pays for annual support; beyond this consideration, healthy interests and healthful activities are being trained and encouraged. The administration of these facilities for community use is as impartial as the requirements of safety, fair usage, and the general good permit.

It is apparent that the war-time need for gymnasium, auditorium, shop and athletic field facilities do not compare with the need that will exist under normal conditions when normal recreation time is available for everybody. When that time comes Laconia will require, undoubtedly, double the capacity of its present facilities.

## **Mechanic Arts and Home Economics**

Among the many fine, progressive things that exist in Laconia are the shops and home economics laboratories in the Mechanics Arts building. Despite the cost of supplying the quarters for mechanic arts and home economics, the city recognized the need for this type of education and made it available to its boys and girls. The training afforded in these departments is invaluable and those pupils whose other educational training does not embrace practical arts suffer an educational deficiency. Girls, in particular, who become home makers receive essential training in foods, clothing, home care and management, in our home economics department. Nowadays very few girls receive this fundamental education except through the school; educators believe that it makes for better, happier homes. With this single idea in mind the authorities of the St. John's School and St. Joseph's School were invited to send their seventh and eighth grade boys and girls to the high school for this training. During the past year St. John's School was able to fit this training into the program of its seventh and eighth grades and St. Joseph School authorities have the matter under consideration.

## **High School Cafeteria**

A school cafeteria with capacity for the whole school pupil body is urgently needed. Space for such a cafeteria was at hand on the ground floor of the Mechanic Arts Building, but the floor space was dirt and cinders. The School Board approved an expenditure of \$3200 to install a concrete floor and all required drains; the appropriating body approved the expenditure. Recently the floor and drains were completed and the room stands ready to be equipped for cafeteria purposes. It is hoped that the equipment may be secured, and that funds for its purchase will be available in the 1945-46 budget, so that the cafeteria may be in use for the opening of the new school year in September. In addition to school use, the cafeteria will be of value to community groups which require a very large dining space, separately, or in conjunction with other high school facilities.

## **Maintenance and Repairs**

Our elementary school buildings are old, yet they have been maintained as well as their construction permitted.

Interior decoration has been made as attractive as possible and outside trim has been well painted; the floors have been oiled. The high school buildings have received the same decorative care, and the old high school building has had expensive roof repairs and waterproofing in the past.

During the past year the usual amount of painting has been done, except that the Mechanic Street and Washington Street School buildings were omitted from the program. These buildings are heated with hot air furnaces and should use hard coal for fuel. This had been unobtainable for nearly two years and soft coal is used. As long as this continues money spent for interior painting will be wasted, for stoking a hot air furnace with soft coal is very dirty.

Particular attention has been given floor maintenance. In the elementary and high school buildings we have begun to eliminate the use of oil. Three products have been tried and one of these has proved very satisfactory. As quickly as funds permit all floors will be treated with the satisfactory product. The program will be more expensive than oil, but not prohibitively so. No matter how pleasing the interior decoration of any building may be, black dirty floors spoil the entire effect, while bright, clean floors increase the pleasing effect of the whole interior. Moreover, pupils' clothing that is soiled by coming in contact with an oiled floor, and shoes that "track up" the floors at home when the pupil returns from school will cease to vex the parents.

The color schemes used in the school buildings have been selected to give maximum light reflection without glare as an aid to better vision.

The toilet facilities, for boys particularly, in our elementary school buildings are primitive. In every one of the elementary school buildings simple flushing devices were installed during the summer vacation. Nothing beyond this, of a practicable nature, can be accomplished. Our old type buildings have all toilet facilities located in the cellars of the buildings. Automatic flushing of the boys' urinals will assist the hygienic situation by eliminating some of the odor; generally speaking the entire arrangement of the toilets is unsatisfactory, however.

In the old high school building the toilet rooms require tile flooring, a more hygienic type of boys' urinal and better

ventilation. Beyond this all toilet bowls should be fitted with flush valves that will not, under any set of circumstances, permit siphonage from the toilet bowls back into the fresh water supply line. While the possibility of such siphonage is extremely remote, a vacuum-breaker type of valve is the only safeguard. These valves are unobtainable now. The matter has received the close scrutiny of the superintendent and an engineer's services and advice have been enlisted. As soon as materials and labor are available funds will be requested to remedy the entire toilet situation in this building.

Literally hundreds of minor maintenance items have received continual attention during the year.

A second major maintenance matter concerns waterproofing certain areas of the exterior walls of the old high school building, and repairing the roof and parapet walls. The brick, or the construction of the walls, or both, permit water seepage through to the interior of the building. From time to time in the past this serious condition has been remedied by waterproofing exterior walls. The same type of work that has been done in the past, or a more expensive remedy, must be applied during the approaching summer vacation.

### **FOR YOUR INFORMATION**

Every Laconia citizen should know many things about the city's school system that do not appear to be generally known; these items reflect credit, which is gratifying, but of more importance they indicate educational achievements of a substantial nature.

**Dramatics:** The dramatic productions at Laconia High School are much more than "high school plays". They are usually finished productions whose primary purpose is to give a knowledge of, and an appreciation for, dramatic art itself. Raising money for school affairs is of secondary importance. Dramatics, as a subject is offered at Laconia High School. The school has an exceptionally able teacher and coach in the person of Miss Edna Smith.

**Public Speaking and Debating:** Very few schools have continued to give training in public speaking and debating, yet these activities embrace highly important educational values. All of the English teachers promote public speaking, but Mrs.

Ruth Patterson Estes heads the activity for upper classmen and is in charge of Debating. Laconia High School has a Debating Team which always achieves a high position, if not the winning position, in contests with large schools which recognize this activity.

**High School Library:** Laconia High School has at the heart of its entire program the invaluable services of an excellent high school library and full-time librarian. Miss Elizabeth O'Shea has the specialized training necessary to make the library an outstanding high school library, and is devoted to furthering its services. One measure of a superior high school is its library service. Laconia High School meets this standard and seeks continually to go beyond it.

**Journalism:** The Laconia Evening Citizen carries a weekly column of high school news that is written by high school pupils under the direction of Miss Muriel Kendrick. The column at first sight may appear to be ordinary news, but an examination of its contents will show that it is more than this. The column is written in newspaper style and practices approved journalistic principles. Journalism, as a subject, is offered at Laconia High School under Miss Kendrick's direction. (As mentioned previously, when arrangements can be made it is hoped that further journalistic practice can be offered to those pupils interested, by developing a column of school news that covers all the schools.

**Radio:** Laconia is fortunate in having a radio station. The schools are especially fortunate for a large number of pupils have the opportunity of expressing themselves through this medium, and a high school group may be heard weekly. The schools and the city have Mr. Martin Avery to thank for his unflinching co-operation and help. It should be recalled that this modern means of communication provides a speech training, that in conjunction with the other activities mentioned, places the Laconia pupil in an excellent position to become proficient in the use of oral expression.

Space cannot be taken to mention more of the outstanding facilities and activities in detail, for if such details were given the list would embrace Home Economics, Mechanic Arts, Music, Art, and Physical Education; it would have to describe the use made by the community of the school plant and the

teachers—for example several hundred persons received training in the defense classes that have been conducted since America entered the war; it would have to deal with Day Care Centers and Evening School Education.

Laconia should be aware of its own progressiveness and should know the manner in which the school is attempting to make use of what the city has furnished for its use.

Laconia should ever be grateful for the vision, the understanding, and the sustained effort of its former superintendent, Mr. John Gilman. His leadership is primarily responsible for so much that is good.

### TEXTBOOKS AND SUPPLIES

Special attention has been given to replacing the older textbooks and adding new ones in the elementary and junior high school grades. Within the year new texts have been provided in arithmetic (grades 1-9); English (language) (grades 2-6), supplementing the same series used in grades 7 and 8; spelling (grades 2-9); science (grades 1-9; health (grades 1-8; history (grades 4, 5, 6). New reading texts and accompanying materials have been added to grades 1, 2, 3, and the pupil's introduction to reading has been changed to the new system—this in no way impairs the value of the reading material already in use; it is still needed.

Each pupil in grades 4 through 7 has been supplied with an attractive dictionary, and sets of the same dictionary have been placed in all third grade rooms.

A series of books containing graded study-type reading exercises has been placed in grades 4 through 7, and as soon as the general achievement in the skills necessary for study-type reading improves, this series will be dropped to grades 3 through 6. This should be at the end of another year.

(All reading materials have been used by the superintendent before coming to Laconia. These are not "experimental" texts; they will assist in better teaching and more effective learning.)

In the high school such textbook material has been added (beyond that mentioned for grades 7, 8, 9,) as needed.

The amount of money specified in the Budget for textbooks will be exceeded, for more textbooks have been purchased than planned for originally. Paper shortage threatened to put needed books beyond reach until after the war. I felt the need was too acute to wait and ordered books while they were available.

The textbook item in the budget need not be large hereafter if care is taken to keep books up-to-date and if adequate books are purchased each year. Primary grade books become soiled and torn in two or three years and should be replaced; in general, however, with care a textbook is good for four or five years in the elementary grades.

Supplies in adequate amounts are furnished the pupils, and we are attempting to administer their distribution with the smallest amount of time loss. Each elementary school had an inexpensive supply room constructed during the summer and hereceforth each building's supplies will be administered by the principal of that building. Building inventories and individual teacher supply sheets assure the sensible use of supplies and furnish an accurate record of quantities, used and on hand at all times.

## **ELEMENTARY GRADES AND TEACHING GENERALLY**

The work of the elementary grades has not been mentioned beyond the matter of re-organization. Special activities, similar to those of the high school, do not stand out. I should like to report that, in general, our elementary grade teachers have the skill and desire to produce superior results, and a long list of individual teacher achievements might be printed here to prove the point.

As far as subject matter instruction is concerned every effort is being made to bring all types of reading skills to the highest point possible for each individual pupil; this is a special objective. Other objectives, equally important or nearly so, concern skills in communication (oral and written language) and in knowing and using arithmetic processes, in knowing certain facts about the world and what is in it (geography, science, and history), and in knowing and using the facts of health and hygiene.

Elementary school teaching must do much more than teach facts, however. The pupil must be given the skills (at his grade level) to use in growing mentally; he must know how to secure information and to see relationships that exist between isolated facts; he must be led to learn to think for himself; he must be permitted to develop according to his own interests. In a word he must be led toward personal growth, intellectually, socially, and physically. This is not an easy task. It demands capable, alert teachers, who must be in a continuous state of growth themselves. They must be physically strong and vigorous, and temperamentally suited to deal with scores of individual child personalities; they must really like children; they must spend hours of time outside of school planning the work of the classroom; they must keep abreast of the times; they must confer and work together continuously; they must know the parents of the pupils. Yet they must have time for recreation and normal, healthy interests. Children should not be under the direction of warped personalities, nor merely passive, languid personalities.

The school must make that contribution to American life mentioned early in this report and the teacher is the responsible agent.

### **SCHOOL NEEDS**

The past has produced its contributions to Laconia's school system. All that now stands must be maintained, developed and added to. Some of the outstanding needs and changes in this direction are

1. A greatly expanded health service. (A. W.)\*
2. A guidance program that will assist in understanding the individual child and his total needs throughout his entire school life.
3. A radically changed organization for pupils in grades 7 and 8, and, to a lesser extent, 9. (A slight move in this direction was begun this school year.)
4. A physical education program that reaches down to grade one.
5. An integrated program of audio-visual education (A.W.)\*

6. Vastly improved elementary school buildings and facilities. (A. W.)\*

7. Enlarged gymnasium facilities—and physical education quarters for boys and girls. (A.W.)\*

8. Enlarged athletic field facilities.

9. A continuing understanding of the real purpose of adequate teachers' salaries.

\*(A.W.) After the Conclusion of the War. When conditions make it possible to fill these needs.

## **CONCLUSION**

I am conscious of the fact that a very great deal awaits my attention, but I am sure that as conditions permit me to initiate these endeavors there will be the same assistance that has accompanied that which has already been initiated. Because of the assistance, the understanding, the counsel and the co-operation of School Board members, the whole school staff, and the city officials with whom the schools have contact, and the parents, it is my feeling that the best interests of the children and youth, and the interests of Laconia itself, have been advanced, somewhat, at least, during the past year. It is my duty to see that such results are forthcoming, and I am deeply grateful that you made this possible.

Respectfully submitted,

RHODEN B. EDDY,  
Superintendent of Schools.

# MUNICIPAL REGULATIONS

for payment of bills against the city

---

All bills against the city must be approved by the persons authorizing the charge, and unless this is done, no action can be had upon the bill by the committee on accounts and claims, and no order will be given for its payment.

When bills are certified to as above, and left with the City Clerk not later than Thursday at 12 o'clock M., preceding the last Monday of each month, they will be audited by the committee on accounts and claims, and if approved by them and allowed by the Council, will be ready for payment on the following Wednesday, at the office of the City Treasurer.

Meetings of the committee on accounts and claims are held on Friday preceding the last Monday of each month at 7:30 p. m., at the City Clerk's Office.

## CITY EXPENSES

---

For the year ending February 15, 1945

Being an itemized account made up from the books of City Clerk of the payments made by the City Treasurer on account of running expenses.

The arrangement of the details of expenditures which follow is intended to give such information as is desired by the public.

Items of payments to the same person or firm at different times are included in the aggregate amount given, if paid for the same objects. Efforts have been made to ascertain and pay all approved bills to date.

## COUNTY TAX

Appropriation	\$51,451.78
Paid Ralph C. Kimball, treasurer, county tax	\$51,451.78

# FINANCIAL REPORTS

Showing in detail receipts and expenditures

# AUDITOR

---

To the Honorable Robinson W. Smith, Mayor, and the City Council of Laconia, N. H.

Gentlemen:

Having completed the audit of the financial accounts of the City of Laconia for the fiscal year ended February 15, 1945, I present the following statements showing the financial condition of the City as of that date.

Exhibit I Appropriations Account year ended February 15, 1945

Exhibit II Excess and Deficiency Account

Exhibit III Balance Sheet as of February 15, 1945

Exhibit IV Serial Debt as of February 15, 1945

The following items appearing in the balance sheet are commented upon as follows:

**Cash** **\$52,509.89**

This cash balance was verified by the various bank statements with the records of the City Treasurer and compared with the ledger of the City Clerk; all receipts and expenditures of the City Treasurer were properly checked with the different Departments of the City; an audit of each monthly draft is made by the City Auditor as a final check upon all bills before payment is made by the City Treasurer. All Bonds, Notes and Coupons paid are carefully checked with the records of the City Clerk.

**Property Sold to City for Taxes** **\$5,927.32**

This amount has been reduced nearly \$5,000.00 during the year and as I have said before, every effort should be made to reduce this amount to a minimum while present business conditions exist.

**Accounts Receivable—Taxes** **\$34,005.78**

The Collector's records of unpaid taxes were examined by me as well as all taxes paid; all payments were checked with the records of the City Treasurer.

Warrants from the Board of Assessors to the City Tax Collector covering the commitment of all taxes were examined and all abatements were compared to see that they were approved by the Board of Assessors.

The collection of current taxes by the Tax Collector has been extremely good this year as there remains only \$26,420.48 uncollected as of February 15, 1945; very little however has been done during the past year to reduce the amount of unpaid

taxes of the previous 6 years and it is my firm belief that some action should be taken at once to collect them or see that they are abated if they are worthless and not allowed to remain on the books as they are at the present time; while going through the records I have noticed that many poll taxes are not collectable and are marked for abatement and I believe that all of this type should be abated at an early date.

**State of New Hampshire Bonus Tax** **\$4,620.00**

This amount of uncollected Bonus Tax still remains on the books of the City as of February 15, 1945; even though the City has no value in this amount, it is necessary to carry it as an asset until such a time as it is either collected or abated.

**Property Acquired By Tax Titles** **\$2,096.79**

This amount has been increased during the year due to the City taking over several parcels of land by tax titles.

**Balance Due from Martha E. Johnson** **\$7,096.24**

A Court action in the name of the City of Laconia as plaintiff for the recovery of \$22,096.24 against Martha E. Johnson resulted in a judgment in favor of the City for the full amount: the Bonding Company paid the \$15,000.00 limit of the policy and the above amount remains unpaid and must be carried as an asset.

**City Officers Expenses** **\$400.00**

This small amount is being carried over as an unexpended balance to cover commitments made by the present City Council which could not be carried out before the end of the fiscal year.

**History of Laconia** **\$2,000.00**

This amount has been appropriated and it was deemed advisable to hold it until this work is completed.

**Leavitt Fund** **\$1,322.30**

**Miscellaneous Liabilities** **\$915.87**

**State of New Hampshire Bonus Tax** **\$5,767.48**

As the sum of \$4,620.00 of State Bonus Tax remains uncollected as of February 15, 1945, it is necessary to carry that amount as an asset as I have previously stated in this report and as a result must be carried as a liability also; as the sum of \$1,147.48 of this Tax was collected prior to the end of the fiscal year but not paid to the State on or before that date, that amount also has to be carried as a liability as it remained in our cash balance. These two amounts together total the above named liability.

**Motor Vehicle 1945** **\$982.87**

This amount received from this source of revenue was checked and verified with the receipts of the City Treasurer and also with the permit cards.

**Unexpended Appropriations** **\$77,605.86**

Appropriations made during the year were verified with the records of the City Council and expenditures were properly approved by Treasury Warrants; all transfers were approved by the Mayor and City Council; a detailed report of all appropriations may be found in Exhibit 1 of this report.

**Opechee Community House** **\$4,000.00**

By a vote of the City Council this amount is being carried over for the future development of the community House.

#### **Notes**

Once again the City finds itself with no outstanding notes as of February 15, 1945.

**Credit Balance** **\$19,661.64**

The above amount represents the excess of current assets over current liabilities and is only a few dollars lower than that of the previous year: had it not been for the fact that the Mayor and City Council transferred to Highways and Bridges for the Snogo the sum of \$8,607.55, to the Opechee Community House the sum of \$4,000.00, the sum of \$10,000.00 towards the Appropriations so that the tax rate might be lower and the sum of \$900.00 towards the cost of Daycare Centers for the School Department an all time high for credit balances would have been the result.

#### **SERIAL DEBT**

The Serial Debt outstanding as of February 15, 1945 is detailed in Exhibit IV of this report and shows a Net Debt of \$117,250.00 which I believe to be the lowest level since the incorporation of the City in 1893; during the past year \$33,750 was paid on the Serial Debt with no additional bond issues. The Mayor and City Council should be commended highly for their fine showing.

#### **CEMETERY TRUST FUNDS**

The following statement of Trust Funds was verified by examining all pass books of Savings Banks and Securities held by the Trustees and by checking all the expenditures with the Savings Bank Books. All receipts and expenditures are properly recorded on their books.

### STATEMENT OF TRUST FUNDS

Amount of trust funds on hand Feb. 15, 1944	\$60,716.09
Trust Funds received during the year	3,810.68
Unexpended interest on hand Feb. 15, 1944	3,370.41
Interest received during the year	1,482.98
	<hr/>
	\$69,380.16
Amount of interest expended during the year	\$1,430.85
Balance of interest on hand Feb. 15, 1945	3,422.54
Principal of trust funds on hand—Savings	
	Bank Books 64,426.77
Principal of trust funds on hand—Water Co. Stock	100.00
	<hr/>
	\$69,380.16

CARL F. BLAISDELL, Chairman,  
Charles F. Ayers, Sec'y-Treas.,  
Edgar B. Prescott

### LIBRARY TRUST FUNDS

The books of the Treasurer were examined by me and the balances verified by Statements from the bank. All expenditures were properly checked and compared with receipted bills.

I wish at this time to express my appreciation for all courtesies extended me during the course of my examination by all the Departments; also to commend all Departments for their efforts made to keep within their budgets during the past year.

Respectfully submitted,

DANA S. BEANE,  
Auditor.

---

### CERTIFICATE

I hereby certify that the accompanying balance sheet and the statement of Serial Debt reflect the financial condition of the City of Laconia as described by its books at the close of the fiscal year ended February 15, 1945. I further certify that I have audited the income and expense accounts of the City for the past year, and have found them correct as detailed in my report submitted herewith.

DANA S. BEANE,  
Auditor.

## SUMMARY OF VITAL STATISTICS

---

Number of births .....	416
Number of marriages .....	136
Number of deaths .....	252
Number of births not previously recorded .....	8
Number of deaths occurring at Belknap County Farm .....	16
Number of bodies brought here for burial .....	75

By Chapter 106 N. H. Laws of 1917, the Clerks of Cities and Towns are required to send a copy of every child's birth certificate to its parents, and if said copy is not received within sixty days from date of child's birth, the parents should notify the City Clerk, in order that same may be placed on record.

Efforts have been made to make the records of vital statistics correct as possible. Should any error or omission be detected, the City Clerk will appreciate the kindness conferred by being informed of the same, that the records of the city be made right.

EARL FLANDERS, City Clerk.

# INDEX

---

Mayors .....	2
Address .....	3-9
